

## Booking System Sprint Planning Notes

Team: 6.TUES\_6:30.6

Sprint: 2

Date: 16/08/2020

Attended:

Scrum Master: Sami Yildirim

Development team: Micheal Kolev, Liangu Nie, Xiaying Wang

### 1. Goal

*Implement basic framework for bookings and ensure that all users can log in*

### 2. Duration of the sprint

*2 weeks*

### 3. What is the team's vision for this sprint?

- Logins for admin and workers
- Browse bookings by time/day
- Search bookings

By the end of the sprint the system should have the basic infrastructure required to start making bookings in the next sprint.

### 4. Estimation

- Admin login
  - Small – Should reuse most code from earlier login story
- Worker login
  - Small – Should reuse most code from earlier login story
- Customer browse booking
  - Medium – Significant communication between front and back end, some UI design
- Customer search booking
  - Medium – Significant communication between front and back end, some UI design
